Subject: RE: Gold King Release

Regarding Surface Water sampling the following SWQB staff are heading up ASAP:

Chuck Dentino (cell: [Personal Phone/Ex. 6])
Jodey Kougioulis (cell: [Personal Phone/Ex. 6])

They will deploy sondes (realtime continuous monitors) at three sites we discussed and will be prepared to collect metals and general chemistry WQ samples. They will be on site until 9AM Sunday morning –after that we will need to decide if we want to continue sampling or identify staff to pick up from there.

Regarding contacting NM-DGF – they had actually made contact with my staff this morning
Eric Frey is the POC on this – [Personal Phone/Ex. 6]
He has staff up on site Chris Wethington – [Personal Phone/Ex. 6] – looking for any signs of fish kills

-----Original Appointment-----
